HEALTH & SAFETY POLICY [including FIRST AID]

General Policy

It is the policy of St Cuthbert Football Club to take all reasonable and practicable steps to safeguard the health and safety and welfare of all volunteers and to protect all other persons against hazards to health or safety arising out of the Clubs activities.

The co-operation of every member of the Club is necessary in promoting this policy and in ensuring that the standard of health and safety which is achieved is always at least equal and preferably above the standards set by the Health and Safety at work Act and the regulations made under it.

First Aid Structure

The responsibility for implementing this policy rests with the Club Committee, which delegates the responsibility to the Club Safety Officer for home matches and Club Coaches for matters within their areas of responsibility/functions.

In addition, it is always the statutory duty of every volunteer to take reasonable care for the health and safety of themselves and all others who may be affected by their actions.

Advice

Advice on matters of Health and Safety is given to the Club by the Health and Safety Executive and The Guide to Safety at Sports Grounds. Additional advice may also be received or requested from St Andrews Ambulance Association.

Accident Book

An Accident Book is maintained in the medical room. Except for injuries sustained on the field of play, all accidents or injuries sustained whilst on club business must be recorded in the Accident Book.
